THE LIE DETECTOR LAB

Body Language, Deception, and the Era of Permanent Ink

Module 1: The Biology of the Glitch

Understanding the high-speed neurological war between the reflex and the mask.

- **The Honest Reflex:** Meet the Limbic System and its role in biological truth.
- **The Mask-Maker:** Identifying the Prefrontal Cortex and its social strategy.
- **The System Crash:** Learning to spot "The Leakage" when the OS fails.

Module 2: Establishing the Forensic Baseline

You cannot identify a lie until you understand the subject's "Normal."

- **The 3-Minute Calibration:** Tools for rapid baseline assessment.
- **The Environment Factor:** How external stress influences baseline behavior.
- **Vocal Baselines vs. Physical Baselines.**

Module 3: The 7 Universals of Expression

A deep dive into the seven core human emotions that cross all cultures.

- **The Anatomy of Contempt:** The most dangerous emotion in forensic analysis.
- **Micro-Expression Drills:** Happiness, Sadness, Fear, Disgust, Anger, and Surprise.
- **Flash-Card Mastery:** Real-time identification techniques.

Module 4: Clusters, Hotspots, and the G.E.M.S. Method

Moving beyond single indicators to find patterns of deception.

- **The Rule of Three:** Why one "Glitch" isn't enough for a conviction.
- **Statement Auditing:** Integrating verbal cues with physical leakage.
- **The Truth Audit Protocol:** A step-by-step forensic workflow.

Module 5: Digital Forensics & Permanent Ink

Auditing the truth in the digital era: Zoom, Social Media, and Video Archives.

- **Frame-by-Frame Auditing:** Using tech to catch what the eye misses.
- **The Archive Advantage:** How to use recorded media as forensic evidence.
- **Remote Interrogation:** Detecting deception over digital calls.

INVESTIGATOR'S RULE: This course is built on the doctrine that the **Limbic System** cannot lie. By the end of this program, you will stop listening to the "noise" of the social mask and start seeing the data of the biological truth.
