

FIELD GUIDE PREVIEW

GEMINI FORENSIC ACADEMY // FIELD DEFENSE GUIDE

LESSON 1: THE ANATOMY OF A HOOK (RETAIN)

[PROTOCOL 01: THE COLD CALL SCREEN]

Never verify your identity to someone who called YOU. If a bank, government agency, or utility company calls claiming there is an emergency:

1. Hang up immediately.
2. Locate your physical plastic card or an official monthly statement.
3. Call the number listed on the back of THAT card or statement.
4. Never use a phone number provided by the caller or a text message.

[THE RED FLAG CHECKLIST]

- [] Caller demands you stay on the phone while traveling to a store/bank.
- [] Caller insists on absolute secrecy ("Do not tell your parents/spouse").
- [] Payment requested via untraceable methods: Apple Gift Cards, Bitcoin, Vanilla Visa, or Wire Transfer.
- [] Caller uses military, law enforcement, or corporate jargon to intimidate.

[TACTICAL COUNTER-SCRIPTS]

When targeted by an authority hook, read this exact line calmly:

"I am recording this line for my legal counsel. Give me your employee ID number and your direct department extension. I will call you back through the main verified switchboard."

(Expect the scammer to hang up immediately upon hearing this phrase.)
